

Ride It On

Artist: Mazzy Star

Key: A

Time: 3/4

Tempo: 158bpm

Chords: A, D, E

Notes: There are two sections of the song that vary from the standard pattern of A, D, E: Verses 2 & 3. Note that the only change is that the order of the first two chords is flipped, from A, D, E to D, A, E. This should give you very little trouble, if at all, but I wanted to mention it since I told you during class that this song never varied its chord progression. (Also, I used numbers to show where the chords fall on the beat, and spaced the lyrics to match as closely as Microsoft Word allows. It should be clear, but if you have any questions then please don't hesitate to ask.)
